Why Zoom Rooms?

Because Zoom Rooms are More Than a Personal Account

Wireless Sharing

Cut the cords, cables and dongles — present content wirelessly from your laptop or mobile device.

One Touch to Start Meetings

Use voice command or one touch to start an instant meeting or scheduled meeting through your calendaring system.

Overview Status and Management

Centralized management of your conference rooms.

Zoom Rooms Scheduling Display

End scheduling headaches with a beautiful scheduling display. See room availability and book a meeting for any available time that day

The Best Experience for All.

Zoom now dominates small and medium sized businesses with 80% market share for video conferencing and is rapidly expanding in enterprise sales. There are over 75,000 new Zoom Rooms each year. This is an opportunity for business expansion to be able to deploy on demand.

You can now meet the demand while saving money.

How many hours do you spend in design, procurement and installation of Zoom Rooms? With Pro AV Outfitters Zoom Room packages from Starin we give you back the gift of time. Certified Complete Zoom Room Packages means everything works, no extra design time, everything you need in a single SKU. This means faster and easier procurement and installation without the chase.

Our kits include easy assembly instructions and everything you need down to the included wire ties.

Deployment on Demand allows you to have Zoom Rooms on site and ready to install the next day. That means more business, more projects, more happy outcomes, and less time lost.

We make communication better, together.
